

Serving Sportsmen Since 1952

Konya Sheep: Hunting for the Konya Sheep is offered on a very limited permit basis. There are about 6 to 8 permits issued each year and they are auctioned through the game department. Due to the high demand and limited availability and the way they are sold, the prices have been very high.

There are about 1,800 sheep in a huge enclosure of 3,500 hectares (8,600 acres) but nearly 75,000 hectares (185,000 acres) are protected in this region. The Konya sheep area is only about 50 km from the city of Konya - which is just an hour flight from Istanbul.

Mediterranean Cruise: Combine any hunt with an unforgettable sailing adventure. The yachts will accommodate 8-12 persons with 7 days full accommodation, sightseeing + harbor taxes. A 3-day wild boar hunt can be added. This is an awesome trip for a group!

Turkey is a wonderful destination and combines a superb hunting destination with a great vacation spot! Bring along your non-hunting companion and enjoy the best of Turkey!

Breaking Records... it's what we do!

Turkey is an exciting blend of vibrant cities, secluded villages, intriguing bazaars, brilliant seas, opulent palaces and priceless art treasures. The rich variety of Turkish crafts offers endless opportunities for unusual discoveries and bargains.

The stately Bezoar Ibex is one of the great mountain trophies of Asia. Our PH utilizes the best areas in Turkey for ibex. New areas are being hunted and we expect trophies up to 50 inches.

Every year, NEW hunting areas are opened. The past few years, the largest ibex were taken from these new areas.

We also have areas that can be hunted via jeep - which means that those hunters that are not in tip top shape or are physically challenged will still have an opportunity to hunt the magnificent Bezoar Ibex.

Chamois: Enjoy a 7-day schedule with 5 days of hunting. NH \$1500. (Sept. 1 - Dec. 31). Permits are very limited.

Boar: This is great add-on hunt. You can either take a moonlight or snow stalking hunt or participate in a driven hunt. The trophy fees are based on the length of the tusks and range from \$900 to \$2,500. All boar hunts take place in the Black Sea, Eastern & Central Turkey and the Mediterranean region. Accommodations are at hotels and lodges.

Mid-Eastern Red Stag: Another NEWER hunt in Turkey is for the Anatolian Red Stag. These hunts are conducted near Adana in typical pine and oak forests. Areas will be pre-scouted and hunts will be conducted in the best areas. Hunt the rut in late September.
