Hunt Zimbabwe with the Famous Professional Hunter & Author Lou Hallamore and son Clive!

Author of "Chui" and "In The Salt"

Lou and Clive hunt out of the famous Chewore South Safari Area in the Zambezi Valley of Northern Zimbabwe. The Chewore is considered by those in the know as a prime safari destination where 6 of the Big 7 may be successfully hunted. In addition, they have negotiated rights to hunting the contrasting forest areas in the Hwange region of Western Zimbabwe. Here premium safaris for the discerning hunter looking to bag exceptional trophies like Elephant and Sable are offered. The Shangani is also a very fine hunting area for Sable, Leopard and plainsgame. Superb plainsgame hunts are conducted in the Save Valley Conservancy for those wishing their family to experience Africa without the pressures of Big Game hunting. Some of the finest plainsgame hunting in Africa can be found here.

Breaking Records... it's what we do!

In an effort to keep quality under control, currently Lou and Clive are the only Professional Hunters. Both men made the decision to move away from the rat-race of the high volume corporate sector of the safari industry and position their outfit as a more intimate outfitter with the focus on personalizing safaris for the discerning adventurer....taking them where they need to go to have the best chance of experiencing the safari that they have always dreamed of.

Accommodations for all Big Game safaris are comfortable and well appointed safari-style tented camps with en-suite bathrooms or brick under thatch bungalows which will meet even the most discerning of tastes. Camps in the Save Valley Conservancy are geared towards safety and comfort for safari groups, families and individuals. Generous 3-course meals and hunting stories around the open-air campfire are part of each and every safari with this superb operation. If you haven't been to the beautiful Victoria Falls, this can be arranged before your safari.
