Breaking Records... it's what we do!

While hunting on government concessions in Botswana is currently closed, Safari Outfitters is offering excellent plains game hunting on a privately owned hunting conservancy of over 460 square miles of the Kalahari.

Game numbers and trophy quality are high with a couple Kudu each season reaching the magic 60" mark. Eland? If you would like to collect this magnificent game animal, this is a very fine place to do so. Rifle and bow hunting (stalk or blind) are equally welcomed with very high success for both.

For those individuals or small groups who don't wish to bring a rifle, they can provide them for you.

Hunting season is March through October.

This is the perfect place for a family or business group safari as they can professionally handle up to 12 guests at a time. Accommodations are thatched stone cottages with en-suite bath and air-conditioning. Each cottage has a private veranda with a great view of the waterhole where you will often see game in the mornings and evenings. There is also an eco-friendly swimming pool for those who would like to stay in camp for the day.

In addition to great hunting they can also arrange for San Bushman Cultural experiences and photo safaris. Your city of arrival is Maun, Botswana where you will be greeted by safari personnel. The camp is a drive of only about 280km from Maun.
