Breaking Records... it's what we do!

INCREDIBLE HUNTING! Since hunting resumed in 2008 we have sent many hunters into the wilds of the Himalayas with great results. Trophy quality is excellent as proven in 2012 when a new world record Blue Sheep was taken by Bob Johnson of Alaska (congratulations!).

We have conducted hunts in this amazing country over 40 years. To many hunters, Nepal offers the finest mountain hunting experience in the world.

Nepal is one of the richest countries in the world in terms of bio-diversity due to its unique geographical location and variation in altitude. The elevation of the country ranges from sea level to the highest point on earth, Mt. Everest, at 29,029 feet. All of this variation is within a distance of less than 100 miles, resulting in climate conditions from sub-tropical to extreme cold. The breath-taking Himalayas of Nepal awaits you.

Licenses:

Hunting permits and community fees are NOT included in the hunt price. Since permits must be bid on at government auctions, the fees will not be known until after the bidding takes place. For Blue Sheep only, the permit fees are expected to be approximately \$15,000.

For Blue Sheep/Tahr combination permits the fees are expected to be approximately \$25,000.

There is also a \$3,700 Community Fee.

Transport:

Chopper fees are extra and are approx. \$8,400 per person, depending on the number of hunters in your group. Small choppers are utilized and weight restrictions apply. Small choppers will accommodate two persons + the pilot. If there are more than 2 persons, additional small choppers are utilized.

Trekking:

It is possible to trek into the area in the spring. A 4-wheel vehicle will take you from Kathmandu to Darbang. You will overnight in Darbang and begin your trek to base camp. Depending on your condition, it will take 4-5 days to make it to base camp. The price, including all transportation and permits will be \$2,000 per person.

Non-Hunters:The price for a non-hunter is \$300 per day.
