

ZAMBIA

Zambia has once again become a big player in the African safari industry and we are very proud to represent one of the best, if not the best outfitter in that country. Zambia is by far one of the very finest hunting grounds in wild Africa with Elephant, Lion, Leopard, Big Buffalo and outstanding plainsgame. Very good as well for Croc and Hippo in addition to swamp hunts in the Bangweulu and Kafue regions. Outstanding concessions in the Lower Lupande, Mwanya, West Petauke and Chikwa....all with very good game populations and superb trophy quality. Zambia has put some very smart and important conservation plans in place which will insure good game populations for now and in the long term. This of course will also help the government maintain and fund further conservation efforts and provide many locals with a chance to live a better life through employment and education.

Breaking Records... it's what we do!

During the previous concession tender period, this safari company was recognized by the Professional Hunters Association of Zambia as the most productive company in the country....a very significant and well deserved award. This excellent operation hunts four concessions in Tanzania as well so with all this vast experience you can see that they have been and will continue to be in it for the long haul. Nothing is spared in order to provide a first class safari for every client all the way from a 7 day Buffalo/Plainsgame Safari to a 28 day Full Bag Safari.

Game species include Elephant, Lion, Leopard, Buffalo, Sable, Eland, Cookson's Wildebeest, Puku, Kudu, Hippo, Croc, Waterbuck and others. In the Bangweulu you may hunt Zambezi Sitatunga, Black Lechwe, Tsessebe, Oribi and Common Reedbuck and in the Kafue, the Kafue Flats Lechwe. The vegetation in their concessions ranges from marsh to light or thick Mopane, woodland to open plains and mountains in addition to many miles of river frontage on the famous Luangwa River. Very diverse to say the least.

Camps, depending on which one you will be hunting may be reached by vehicle or air charter. Three out of our four concessions do not require an air charter which at the end of the day, makes a good difference in the total cost of your safari. Your arrival city is Lusaka.

Camps are very comfortable thatched chalets with en suite. The open thatched lounge and dining area affords you, the client a very scenic and comfortable spot to enjoy your sundowners after a successful day in the bush. Meals as to be expected are delicious, plentiful and prepared and served by highly trained professionals in a classic safari manner.
